

Conversation Club

2024 Pediatric Speech Summer Camp

Led by two of our speech language pathologists, Conversation Club is an intensive therapy group that focuses on improving receptive, expressive, and social language skills in the context of peer and group interactions.

Improving language skills is facilitated through shared book reading and video watching and facilitated, collaborative play.

Children will practice expressive, receptive, and social language skills to navigate group activities, follow directions, initiate conversation with peers, and repair communication breakdowns.

Monday –Friday
July 8–19
9–11:30 am (includes a snack break)

Ages 6–10

All sessions will be held at:
Shirley Ryan AbilityLab
355 East Erie
Chicago, IL 60611

To sign up, contact us at
pedscamps@sralab.org
or 312.238.1139
